Re: Application for Mystique Retail LLC Adult Use Cannabis Store at 31 Maine Avenue (Replacing License Currently Held By NPG, LLC) – *Wellness Connection*

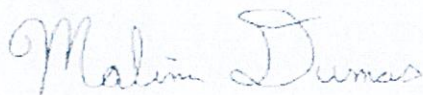

To Whom It May Concern:

Please find enclosed Mystique Retail LLC's application for a cannabis store at 31 Maine Avenue in Gardiner. As you know, this store has been licensed under NPG, LLC to date. Because the license is not transferrable, I am working with the Office of Cannabis Policy ("OCP") on the process of transitioning the facility from the NPG, LLC license (AMS335) to the new Mystique Retail LLC license (AMS1686). The objective is to make the transition as seamless as possible, and an important part of the process will be maintaining close coordination between the applicant, the municipality, and OCP.

OCP already issued the conditional license to Mystique Retail LLC, so the next step is to obtain local authorization from Gardiner. To that end, we are submitting a local license application for Mystique Retail LLC while the existing license is still active under NPG, LLC. The store will remain open throughout this transition process. On the same day the new Mystique Retail LLC license is activated, OCP will officially terminate the existing NPG, LLC license and the new lease to Mystique Retail LLC will go into effect. Mystique Retail LLC will not commence sales to the public until the NPG, LLC license is surrendered.

Thank you in advance for your assistance moving this process forward. Please do not hesitate to contact me by e-mail at [malina.dumas@dentons.com](mailto:malina.dumas@dentons.com) or by phone at 207-835-4355 if you have any questions.

Sincerely,

Malina E. Dumas  
Senior Managing Associate

## B. Tax Map

Attach a copy of a tax map clearly indicating an area of 1000 feet in all directions from the premises, or in cases where a municipality or the Land Use Planning Commission has reduced the setback to no less than 500 feet, then showing the distance in all directions required by local authority, and indicating that the area around the premises does not include a pre-existing public or private school, as defined in 28-B MRS§§402(2)(A) and 403(2)(A).

## C. Facility Diagram

1. Attach a diagram of the layout of the licensed premises, including:
  - (a) All limited access areas. (limited access area means a building, room or other area within the licensed premises of a cannabis establishment where a licensee is authorized to cultivate, store, weight, manufacture, package or otherwise prepare for sale adult use cannabis and adult use cannabis products.)
  - (b) Display areas.
  - (c) Square footage of the establishment and of the separate areas listed above in a and b.
  - (d) Any areas where the licensee intends to conduct curbside pick-up, including any areas adjacent to, but not within, the licensed premises where curbside pick-up will be conducted.
  - (e) Waste disposal area.
  - (f) Signage.
  - (g) Points of entry.
  - (h) Windows and doors, designating which are lockable.
  - (i) Alarm control panels and alarm sensors.
  - (j) Video cameras and surveillance storage devices.
  - (k) Communication devices (internet/telephone).
  - (l) Fences.
  - (m) Any other additional security measures.
  - (n) Legal ingress and egress onto and off the property from the closest maintained public way.
2. If the property is also used as a residence, clearly indicate on the diagram above, the location of that residence within the property and plans for complete separation of the residence from the facility, including:
  - (a) Entirely separate entrances to the residence and any portion of the property that is part of the licensed premises; and
  - (b) That no solvent extraction using potentially hazardous extraction methods or inherently hazardous extraction methods are in the same building or structure as the residence.
3. If the licensee co-locates adult use and medical use operations, clearly indicate the following:
  - The areas of the premises that will contain adult use cannabis plants, cannabis, cannabis products or cannabis concentrate;
  - The areas of the premises that will contain medical use cannabis plants, cannabis, cannabis products or cannabis concentrate;
  - The areas of the premises, if any, that will contain equipment, chemicals or other items that may be used for both adult use and medical use cannabis plants, cannabis or cannabis products.

**Video surveillance records will be maintained for 45 days.**

8. Describe how the applicant/licensee shall maintain a list of all persons with access to the video surveillance recordings and procedures for controlling access to the recordings.  
**The licensee will maintain a list of any persons with access to the video surveillance recordings. If an individual leaves the business their access will be revoked. Access will be restricted to owners and managers.**

## **Section 5: Controlling Access**

### **A. Public Access to the Cannabis Establishment**

1. Are all entry points designed so that no minor is allowed entry to the licensed premises, except for the cannabis store retail area when accompanied by the minor's parent, legal guardian or custodian?  
☒ Yes   ☐ No
2. Describe all entry points designated as the place where the licensee or licensee's employee will verify the age and identity of all persons entering the premises as depicted and numbered/labeled in the facility diagram, except for the cannabis store retail area.  
**The point-of-sale area will be staffed by employees that have been issued an IIC that are trained to verify valid government issued identification and restrict entry only to legally authorized individuals that are 21 or older or under 21 are accompanied by a parent, legal guardian or custodian.**
3. Describe all entry points designated as a place where the licensee or licensee's employees will receive mail or other deliveries as depicted and numbered/labeled in the facility diagram.  
**Front main entrance is the only door that will be utilized for deliveries, except that deliveries of cannabis and cannabis products will come through the back delivery door which is equipped with access control devices, cameras, and panic alarm.**
4. Describe how licensee will ensure that licensee and all of its employees and security guards maintain compliance with all laws and regulations related to firearms and other weapons in and around the cannabis establishment.  
**The company expressly prohibits employees from possessing a firearm or other dangerous weapon within the licensed premises. The policy applies to all employees including, but not limited to, employees who possess a valid concealed carry permit, and the policy will be enforced.**

### **B. Employee Access**

1. Describe all entry points designated as employee entrances, including the manner in which employees gain access to the cannabis establishment (e.g. badge scanner or key locked doors), as depicted and numbered/labeled in the facility diagram.  
**The facility has a comprehensive Electronic Access Control system, which has been installed throughout all of its facilities. These card-activated access points secure doors to buildings, limited access areas and restricted areas. Through this technology, Security is able to effectively control access throughout the facility.**
2. Describe how the licensee will ensure all owners, managers, and employees display valid individual identification cards at all times.  
**The company will have a policy that all owners, managers and employees must have their individual identification cards with them at all times while on the licensed premise, either on a lanyard or other mechanism for keeping the IIC on their person and visible**

3. Describe any additional security measures aimed to prevent employee theft.  
N/A

### C. Controlling Access to Limited Access Areas

1. Are the following security measures in place for all limited access areas? Check all that apply.

- ☒ Identification checks  
☒ Locked doors  
☒ Video surveillance  
☒ Required signage

2. Describe how the licensee will utilize the security measures listed above to control access to all limited access areas as depicted and numbered/labeled in the facility diagram.

**Limited access area signs will be posted on entrance and exit points going into or out of limited access areas. Doors leading into limited access areas will be kept locked. Visitors requiring access to a limited access area will sign in on the visitor log and wear a visitor badge. Video surveillance is positioned to capture faces going into or out of limited access areas and to cover any areas containing cannabis.**

3. Are security measures in place to control access to limited access areas by contractors and visitors, who are not minors and who will not handle cannabis plants, cannabis or cannabis products?

☒ Yes ☐ No

4. Are security measures in place to control access to limited access areas by sample collector and cannabis testing facility licensees or their employees displaying valid individual identification cards?

☒ Yes ☐ No

5. Describe all designated areas where contractors, visitors and other licensees will be required to provide proof of identification, sign a visitor entry log, and receive a visitor identification badge by establishment staff as depicted and numbered/labeled in the facility diagram.

**The licensee or licensee's employee will verify the age and identity through review of a valid, government-issued form of identification within the store's retail area (immediately upon entry or at a point of sale station) to verify they are 21 years of age or older before allowing an individual to purchase cannabis or cannabis products and/or before allowing a visitor to sign the visitor log, obtain a visitor badge, and enter the limited access area.**

### D. Additional Security Measures Cannabis Stores

1. At which point will the licensee or licensee's employee check for a valid government issued form of identification:

- ☒ Prior to allowing access to areas of the premises designated for retail sales; or  
☒ Prior to initiating a sale in the area of the premises designated for retail sales.

2. Are display cases lockable and secure to prevent the public from handling cannabis plants, cannabis or cannabis products without direct supervision of a licensee or employee?

☒ Yes ☐ No

3. Are counters of sufficient height to prevent the public from handling cannabis plants, cannabis or cannabis products without direct supervision of a licensee or employee?

☒ Yes ☐ No

4. Describe how product will be moved from storage in a limited access area to display cases to prevent the public from handling the cannabis plants, cannabis or cannabis products?

**Product will be moved from storage to a limited access area to display cases when the store is**

**closed to the public or there are otherwise no customers on the sales floor.**

5. Describe all security measures taken to ensure compliance with the above requirements.

**Cannabis will be kept in locked limited access areas (storage/display cases) and no member of the public will be able to access cannabis or cannabis products unless they are under direct supervision by an IIC holder (employee, manager, or owner).**

Item	UL, ETL or CSA Listing	Intended Use

#### **D. Plans for Compliance with Cannabis Legalization Act and the Adult Use Program Rules**

1. Describe plans for shipping and receiving of cannabis and cannabis products.  
**The company will only allow its cannabis and cannabis products to be transported by motor vehicle. Any vehicle used to transport will be insured at or above the legal requirements in Maine and equipped with a functional manufacturer-installed alarm system. Upon request by the Department, any company vehicle may be inspected. Company employees will generate a Transport Manifest for each trip using the designated Inventory Tracking System. The Transport Manifest will include, as applicable, the recipient's name and contact information, address; product name and quantities (by weight or unit) of each cannabis or cannabis product contained in each transport; date of transport and approximate time of departure; arrival date and estimated time of arrival; delivery vehicle make and model and license plate number; name, IIC number, and signature of the employee accompanying the transport; name, IIC number, and signature of licensee/employee receiving the authorized transfer if applicable; the correct sales tax identification number and/or excise tax identification number for the licensee and transferee; and damaged or refused cannabis or cannabis products being returned to the original seller. Prior to departing originating premise, employee shall ensure that they have copies of all relevant Transport Manifests. At no time after the employee has departed from the premises, shall the employee make any changes to the Transport Manifest or void the Transport Manifest.**
2. Describe plans to dispose of or destroy used, unused and waste cannabis and cannabis products.  
**All waste will be stored, secured, and managed in accordance with applicable state and local statutes, ordinances, and regulations. All cannabis waste generated from normal operations, excess production, contamination, adulteration, or expiration will be securely stored, rendered unusable using more than 50% non-cannabis waste, and disposed of in a manner that ensures that it cannot be reconstituted for any kind of use or benefit, as related to its psychoactive content, by an unauthorized individual or organization. Prior to being rendered unusable cannabis waste will be securely stored within a limited access area within the licensed premises and shall be under video surveillance. The process of rendering cannabis waste unusable will occur within the limited access area of the licensed premises where surveillance cameras are permanently fixed and must occur entirely on camera. The contracted waste management company will transport all cannabis waste from the retail store to a solid waste facility or landfill in compliance with local and state regulations. Facility management will ensure proper training and implementation of destruction and disposal procedures and protocols. All cannabis waste disposed of by the company will be recorded in the Inventory Tracking System, including the date and time of disposal, the employee or manager responsible, the reason for disposal (i.e. the type of waste), the lot, batch, or plant identifier (if applicable), the manner of disposal, and the quantity disposed**

3. Describe how the facility plans to conduct a background screening process for employees and vendors.  
**The company shall not hire any individual as an employee unless the individual is 21 years of age or older. After a potential employee has been identified, the prospective employee must provide a government issued photo identification card showing a date of birth that makes the applicant 21 years of age or older. The prospective employee must either present an Individual Identification Card issued by the Office of Cannabis Policy or must obtain an Individual Identification Card prior to formally being hired. The company will confirm the status of a cannabis establishment's active registration with the state before engaging that establishment as a vendor.**
4. Describe plans for refrigerating any cannabis products requiring refrigeration.  
**Refrigeration of all cannabis products will occur in areas with limited access. Products will only be taken out of refrigeration when the customer has made an approved transaction. The company will follow USDA guidance for proper refrigeration of perishable goods, including maintaining refrigerated storage spaces at 32-40°F. The company shall ensure that refrigerators have enough open, slotted shelving to allow for air circulation around shelves and refrigerator walls to maintain proper food temperatures. Designated employees will be required to check refrigerators and freezers to ensure they are maintaining 40 degrees or less for refrigeration and 25 or under for freezers. Employees shall aim to keep refrigerator and freezer doors closed as much as possible and will check to ensure they are closing and sealing properly.**
5. Describe plans to train employees to prevent sales to, or on behalf of, minors.  
**Employees will be trained to check for a valid government-issued form of identification to verify any individual purchasing cannabis or cannabis products is 21 years of age or older prior to making a sale.**
6. Will purchaser identity and age verification take place at point of sale? ☒ Yes ☐ No  
  
 If no, where will verification take place? **Age verification may also take place immediately upon entry.**  
 \*Must be reflected in facility diagram.

### **Section 7: Reports of Non-Compliant Conduct**

Describe how the licensee will ensure any incident of non-compliance with the cannabis establishment licensee's authorized conduct will be reported in writing to the Department within 24 hours.  
**The licensee shall report any incident of non-compliance to the Department in writing within 24 hours.**

1. List and describe all electrical equipment to be used on the premises.

Mystique Retail LLC  
(Replacing current NPG, LLC  
Wellness Connection)  
31 Main Avenue  
Gardiner, Maine 04345

**Regarding the newly requested license for Mystique Retail LLC to replace the existing license for NPG, LLC (dba Wellness Connection of Maine) I would refer to the concerns noted in the original license request response dated November 27, 2024, to NPG, LLC dba Wellness Connection of Maine. I would consent to the license under the new name (Mystique Retail LLC) and am hoping that Mystique Retail LLC, since they are keeping in place all security, fire plans and equipment, will be able to rectify the alarm issues before the next license renewal. Below is my original license renewal response to the current license under NPG, LLC dba Wellness Connection of Maine.**

Regarding the license renewal for the Wellness Connection of Maine, the Gardiner Police Department has responded to nine (9) false alarm calls at this location since the start of the 2024 calendar year with eight (8) alarms since late May of 2024. Eleven false alarm calls in 2023 was a concern after the Gardiner Police Department responded to thirteen (13) false alarms in calendar year 2022 and this was noted in the 2022 and 2023 license renewal letters dated November 8, 2022, and January 3, 2024 with hopes that the applicant would work to address this concern with staff and the alarm company so that future license renewals would not be in jeopardy.

On November 27, 2024, I spoke with Ms. Vicki Denbow and explained my continued concerns with the number of alarms that the Gardiner Police Department has responded to over the past three years, and she seemed unaware of the number of alarms in 2024. She assured me

that she would be looking into this and thought that certain battery-operated window alarms may be the issue, but I advised her that the alarms that the department responded to were motion alarms. I was also told that there were some new employees and that there may have been some animal issues regarding the basement motion alarms. I was advised that the issues I brought to her attention would be taken care of.

At this point in time, although I have concern with the number of alarms from this business from the past three years, I would consent to the license renewal hoping that my most recent discussion with Ms. Vicki Denbow will correct the alarm issue. It would be my hope that that the re-evaluation of this license in 2025 will show that the alarm issue was addressed and corrected so that a renewal would not be in jeopardy.

Sincerely,

Chief Todd H. Pilsbury

Dear Malina Dumas,

I have received your application for an Adult Use Retail Store license located at 31 Maine Ave in Gardiner under the name Mystique Retail LLC. Upon careful review of your proposal and discussion with the City's Code Enforcement officer I feel comfortable that your business would not create a significant impact on the Fire Department.

As always, we look forward to working with all of the businesses in the City. Please feel free to reach out to the Fire Department if you have questions or concerns.

Sincerely,

Richard Sieberg  
Gardiner Fire Department  
Fire Chief
